**LAY DELEGATES PLEASE NOTE:** The name of your charge may not be the same as your local church name if you are on a multi-church charge, please give the CHARGE name, not your local church NAME on this line unless it is also the charge name.

Lay delegates register as either (Do not mark in more than one category, if you do not know, ask your pastor or district office):

**Delegate**—elected by local Charge Conference to represent your charge at Annual Conference and seated as a voting delegate at Annual Conference sessions.

**Reserve Delegate**—elected by local Charge Conference to fill in if Delegate cannot serve. May attend Annual Conference but not seated as a voting delegate at Annual Conference unless you are replacing a delegate unable to attend.

**At-Large Delegate**—selected by District Office and elected by local Charge Conference to provide additional lay representation to balance lay delegation with size of clergy delegation. Are seated as delegates with both voice and vote at Annual Conference.

**Ex-Officio Delegate**—designated as delegate because of Conference or District position held. Are seated as delegates with both voice and vote at Annual Conference

The delegate lists are compiled based on the information in the Memphis Conference Brick River database. All other changes must be authorized by your District Superintendent.

**CLERGY DELEGATES PLEASE NOTE:**

You are to register with the current clergy status you hold. If you are Active at the beginning of Annual Conference mark which category under ACTIVE. If you are Retired only mark which category under RETIRED.

If you will be appointed for the first time as a local pastor at this annual conference, your appointment is not “set” until the close of this annual conference so you are not under appointment officially until then and that appointment will not be in effect until July 1, 2019. As such, you are not a clergy delegate to the 2019 Session of the Memphis Annual Conference.

District Relationship: All clergy members, active and retired, are to maintain a relationship to a district within the bounds of the Memphis Conference. If you are active and serving outside the Memphis Conference there is a place to put your current district and appointment where you are serving, but also mark the district in the Memphis Conference where you hold charge conference affiliation. Retired living inside or outside the Memphis Conference you are to still hold a relationship to a district within the Memphis Conference, please mark which district. Retirees should notify the district office you intend to hold that relationship with and notify if there is a change in your address or district you are relating with.
